

Amendments to the Specification

1. Please replace the current sequence listing with the new sequence listing provided.

The new sequence listing has the following additional sequence.

<210> 8
<211> 4
<212> PRT
<213> mammalian

<400> 8

Pro Gly Gly Gly
1

2. Please replace the abstract of the disclosure with the following amended abstract (which ends with a period)

The present invention deals with the field of cell biology, more specifically the field of neuronal cell biology and neurodegenerative diseases. The invention provides for assays assessing A β -Tau aggregation.
